PROFESSIONAL SUMMARY

Engineering graduate from NITK Surathkal with experience in market research, competitive analysis, and consumer insights across fintech and early-stage startup environments. Skilled in applying research frameworks such as SWOT, PESTLE, and Porter's Five Forces, as well as survey-based methodologies to uncover consumer behavior patterns, identify target customer segments, and inform marketing strategy. Currently based in Berlin, seeking marketing roles where research-driven insight can support customer acquisition, positioning, and brand growth.

CORE SKILLS

Market Research • Competitive Analysis • Consumer Behavior Analysis • Customer Segmentation • SWOT / PESTLE / Porter's Five Forces • Survey Design & Statistical Analysis • Marketing Strategy Support • Brand Awareness Campaigns • Cross-Functional Collaboration • Stakeholder Communication • Data-Driven Insights

EXPERIENCE

Grocery Associate Aug 2025 – Present

Wolt | Berlin, Germany

- Support daily store operations in a fast-paced, customer-facing retail environment, maintaining accuracy and service quality.
- Collaborate with team members to uphold service standards under time pressure, strengthening communication and problem-solving skills.

Junior Program Manager Jul 2022 – Jan 2024

Rupeek | Bangalore, India

- Conducted customer research to understand user behavior, needs, and pain points, generating insights that informed product and business decisions.
- Partnered with cross-functional teams to support execution of company-wide initiatives, including customer-facing programs.
- Tracked performance metrics and prepared reports used in business decision-making.
- Identified market and process opportunities through research-driven recommendations.

Marketing Intern May 2021 – Jul 2021

Dime Klear Pvt Ltd

- Conducted market and competitive research for an early-stage nanotube-based water filtration startup, applying SWOT, PESTLE, and Porter's Five Forces frameworks to evaluate industry dynamics and growth opportunities.
- Identified target customer segments and supported marketing and outreach initiatives to increase product awareness and inform strategic recommendations.

PROJECTS

Celebrity Endorsements & Consumer Buying Behavior

NITK Surathkal

- Designed and conducted a survey-based study examining the impact of celebrity endorsements on consumer purchasing behavior.
- Applied Pearson correlation and Cronbach's Alpha tests to assess data reliability and analyze relationships between variables.
- Found that products endorsed by celebrities increased consumer purchase confidence, highlighting the effectiveness of endorsement-driven marketing.

EDUCATION

Bachelor of Technology, Chemical Engineering

2018 – 2022

National Institute of Technology Karnataka, Surathkal
